

HERDSA NEWS GUIDELINES

Vision and aim

HERDSA NEWS is the magazine of the Higher Education Research and Development Society of Australasia. *HERDSA NEWS* offers comment and discussion on higher education issues; provides information about relevant publications, programs and research; and links the members of the HERDSA community in Australasia and beyond with information about branch activities, member activities and conferences.

HERDSA NEWS is intended to celebrate the achievements of our members and to inspire and inform researchers, developers and practitioners in the Australasian higher education sector. The magazine offers the opportunity for less formal publication of reports on research in progress, inspirational practices, funded projects, successes and ideas.

Publication

HERDSA NEWS is published three times a year with a printed version distributed to all HERDSA members. A digital version is available on the HERDSA web site for the wider audience interested in issues related to higher education research and development in the Australasian region. The digital version can be viewed on the HERDSA web site.

Submitted articles aiming to sell or promote a product are not accepted. The Editor reserves the right to accept/reject submissions and to edit accepted contributions prior to publishing. Final decisions about editing and/or publication rest with the Editor.

HERDSA NEWS values fairness, accuracy, and scholarship. Opinions expressed are the personal opinions of the original authors and do not necessarily reflect the views of HERDSA and/or the *HERDSA NEWS* editor.
