herdsa

The objective of the Society is to promote higher education research and development by such activities as:

- (i) organizing working parties to deal with specific problems;
- (ii) arranging workshops on specific topics;
- (iii) improving communication between persons in different institutions of higher education in matters relating to tertiary education research and development by means including publishing bulletins, newsletters, a journal and monographs;
- (iv) assisting in the co-ordination of tertiary educational activities in different institutions and in the exchange of information and co-ordination of work between tertiary teaching research centres;
- (v) providing information and guidance on educational equipment at the national level with a view to maximizing compatibility;
- (vi) setting up a tertiary education clearing house for documents and other materials;
- (vii) organizing national conferences and, also, meetings of local (institutional or regional) branches.
